Only one member has been returned from the districts of Mysore, Shimoga and Kadur, while the cities of Bangalore and Mysore and the districts of Bangalore and Hassan remain unrepresented.

(9) Out of the 8 associations representing this community that have applied for recognition, 6 have been recommended by the Deputy Commissioners concerned as functioning according to rules. They are:-

1. Central Mahamedan Association, Bangalore.
2. Majili-see-milia Islamia, Bangalore.

Except Nos. 3, 5 and 6, the others had been given recognition at the last elections in 1930.

(10) In connection with the representation of the Muslims for increased representation in the R.A and L.C, it has been suggested that there should be in the R.A at least 2 members from each district and two from each of the two cities. On this basis, 4 seats have to be allotted to Bangalore City and Bangalore District together, and there are three associations, viz., 1,2 and 3 above, in this area which deserve recognition. The number of seats to be allotted to each or any of them is for orders.

The first four Associations may be recognized & return one member each. The last two need not be recognized as Chitaldrug & Tumkur Dts have returned 2 members each in the General election

An additional seat for the Mysore District and two seats for Mysore City have ~~three~~ therefore to be allotted and filled up by nomination as there are no associations for recognition in this area. These papers relate to the personnel of the Representative Assembly to be reconstituted in June next. According to the Regulation, the total number of members of the Assembly should ordinarily be 250, but the Government have power to increase the strength up to a maximum of 275 for removing inequalities, if any, of representation. According to the Government Order dated 9th October 1932 passing orders on the recommendation of the Committee for reallocation of seats in the Representative Assembly, 209 seats have been allotted in all to the several Urban and Rural Constituencies and 19 seats to represent 14 recognised Special Interests. The number of seats for minority representation has been ordered to be limited as far as possible to the statutory minimum viz., 35 seats.

GENERAL ELECTIONS: The names of the members returned by the Urban and Rural Constituencies in the General Elections held on 3rd March 1934 have already been notified in the Gazette. Two vacancies have since occurred by the death of two members and action has been taken to fill them up by means of by-elections.

MINORITIES: As regards the representation of minorities in the Assembly, the rules provide for a minimum of 18 seats to the Mussalmans, 5 to the Indian Christians and 6 to the Depressed Classes. It is however proposed to give a slightly increased representation to Mussalmans and Depressed Classes by allotting them 20 and 8 seats respectively. In the General Elections 9 Mussalmans have got in, but no Christian nor a member belonging to the Depressed Classes. In the case of other communities it has been laid down that only such of the communities as have a population of not less than 20,000 and which are not represented in the Assembly through the Urban and Rural Constituencies, shall be entitled to representation either through Associations or by

nomination as the case may be. Out of 35 seats allotted to the Minorities, 11 seats are proposed to be given to Mussalmans as only 9 have been returned in the General Elections; 5 to the Indian Christians; 8 to the Depressed Classes, as no member of the last two communities has got in through General Elections. The remaining 11 seats are proposed to be given to other minority communities numbering over 20,000 which have not secured seats in the General Election. Fifteen seats have accordingly been assigned in Government Order dated 6th April 1934 to certain Associations representing Minority Communities as noted in the margin and they have been requested to hold the elections themselves and to report the names of the successful candidates on or before 1st May 1934. The remaining 20 seats have to be filled up by nomination by Government, 7 seats being allowed to Mussalmans, 5 to the Depressed Classes and the remaining 8 to the other major communities unrepresented.
